### **Weather**

---

The weather in March is very nice with the highs around 78 and the low around 58. Can be chilly in the morning and breezy throughout the day. Make sure to have layers to take off with a hat and sunscreen. There is always the possibility of rain, but lower during March. We have an 11-stall center aisle barn with a bathroom, a therapy ring that has a 20' x 20' canopy in the center for shade, round pen, a square grass therapy ring, and 2 very large fields for the herd.

### **What to Bring**

---

- Layers of clothing (lots!) and sturdy shoes/boots
- Notebook
- Sunscreen, Lip Balm and Tissues
- Brochures and business cards for your services (if any)
- Camera
